Senior curlers compete internationally

Senior curlers from the Barrington Regional Curling Club were among the competitors at the U.S. National Senior Winter Games in Rochester, New York on Sept. 29 to Oct. 2.

"It was a great experience," said Bob Cushing, second on the mixed team skipped by Rob Leary. Rounding out the team were lead Mary Cushing and third Helen Leary.

While the team "curled well, we didn't make the playoffs," said Cushing, noting the competition was tough. "There were a fair number of teams," he said.

Never-the-less the foursome welcomed the opportunity to represent their club, community and province on the international stage, said Cushing, adding they have also competed in the national arena at events in New Brunswick and Ontario over the past few years.

As for curling on the local front, the 2011/12 season at the Barrington club will start in early November.
